### Arab League Warns West in Suez Canal Crisis

**TAKES OATH AS POSTMASTER**—Oscar V. Newkirk, former three-term mayor of the city, was installed as acting postmaster of Kingston on Friday. The oath was administered by Inspector Robert H. Daley. Present at the swearing-in ceremony were his daughter, Miss Beatrice Newkirk (left) and Mrs. Newkirk. Mr. Newkirk as-

sumed the post which was left vacant by the death of Col. William R. Kraft on July 2. Before his appointment by President Eisenhower, Mr. Newkirk was assistant secretary of the New York State Public Service Commission. (Freeman photo).

### Nixon Urges Americans to Solidly Support Foreign Policies for Peace

Dallas, Tex., Aug. 13 (AP)—Vice President Nixon asked the American people today for solid support of foreign policies designed to assure "peace with honor."

It is not enough for the administration and Congress to agree on sound policies, he said in an address prepared for the 57th national encampment of the Veterans of Foreign Wars.

"Unless they are completely and enthusiastically supported by the American people," Nixon added, "they will not be accepted by other nations as our true program."

His address dealt with principles rather than specific policies, and he said "Americans want nothing for themselves that

they do not want for every other person in the world."

"What we seek in our dealings with other nations," he said, "is that all men may have the freedom under law which we consider our priceless heritage."

Nixon, interviewed after arriving here, said he had no resentment against Harold Stassen in connection with the Stassen campaign to have Gov. Christian Herter of Massachusetts nominated for Republican Vice President.

Nixon replied with a quick "no" to the question. He added that any American has a right to speak out on politics.

Asked if he expected to be nominated again for the Vice Presidency, Nixon said, "I want the Republican national com-

#### Sales Days Award Winners To Be Chosen Tonight, 8:30

Selection of winners of 16 awards offered by local merchants in connection with August Sales Days last week will be made at 8:30 p.m. today at the office of the Kingston Area Chamber of Commerce in the Governor Clinton Hotel.

The winners will be selected out of six bushels of ticket stubs which were turned in during the three-day sales.

One of the awards consists of a week's trip to Bermuda for two. Fourteen gifts will be purchased certificates ranging in value from \$25 to \$5. In addition, a third award consisting of a Pullman bag will be given.

The lucky numbers will be

posted as soon as selected and posted for publication. They will be listed in a special advertisement in the Freeman on Tuesday.

Sixteen alternate numbers will also be picked. Should any of the winning numbers not be redeemed on or before Sept. 14, 1956, the required number of alternate numbers to replace those not redeemed will be advertised.

Alternate numbers will then be redeemable for the corresponding awards for a period of two weeks.

Albert C. Kurdt, manager of the local Chamber of Commerce, said today that approximately six bushels of stubs had been turned in.

He pointed out that many of

### Backs Nasser on His Free Passage Proposal

#### British Women, Children Removed To Malta as Additional Troops Fly In

London, Aug. 13 (AP)—The Arab league of nine nations warned the west today an attack on Egypt in the Suez Canal crisis would be considered aggression against all Arab states.

The league's political committee, meeting in Cairo, also pledged support for President Nasser's call Sunday for a 45-nation conference to write new guarantees for freedom of passage through the canal.

Nasser's proposal was a counter to the 22-nation conference called by Britain that is opening in London Thursday to consider international control of the waterway which Nasser nationalized July 26. Egypt refused to send a delegation.

In THE FACE of Arab threats, Britain airlifted more troops into the Mediterranean zone to meet any emergency. In fact, it was a two-way airlift.

As giant planes landed troops in Britain's island outposts around Suez, two flying boats began ferrying British wives and children from the canal zone to Malta. They are dependents of British employees still in the zone.

In Bonn, the West German government said Britain is withdrawing some noncombat troops stationed in Germany and sending them home to strengthen the strategic reserve. Presumably they will replace troops being ferried to the Mediterranean.

In Tel Aviv, Premier David Ben-Gurion's passive policy toward the canal crisis drew criticism from Menachem Beigia, leader of the opposition Herut party, second strongest in Israel.

**BEIGIA TOLD** a news conference if Nasser "gets away with turning the Suez Canal into the Nasser Canal he will be ready for an all-out attack on Israel." He said Israel should make alliances with any anti-Nasser power.

The Arab League Committee's resolution said Arab countries "consider any aggression against any Arab country as aggression against all other Arab countries."

**THE COMMITTEE** said Nasser's plan for a broadened conference on Suez was "consistent with international principles of justice." It said the offer "represents a sincere assurance from Egypt to all other countries of

#### Practice Drill Turns Real

### CAP Finds Plane Down In Catskill Swamp Area

What started out as a simple practice mission for five squadrons of the Catskill Mountain Group, Civil Air Patrol, at Catskill Sunday turned out to be the real thing when one of the pilots spotted the crash of a small private plane in a swampy area about five miles from Athens.

The pilot, Lt. Dieter Hess of Columbia County Squadron, flying a small but fast Piper Pacer, radioed base headquarters at the Catskill Airport reporting that the plane had crashed and was upside down.

The Group ambulance was dispatched to the scene, guided by Lt. Hess who remained hovering above the scene. Before the ambulance arrived, however, the injured pilot, Elliott E. Whiteway, was taken to the Greene County Memorial Hospital, Catskill, with lacerations of the forehead and bridge of the nose. His condition was reported as good.

Troopers said the nose, propeller and fuselage of the plane were heavily damaged.

Mrs. Sidney Lane of Kingston, wife of Commander Lane of the Kingston Squadron which participated in the Catskill mission, told The Freeman the Whiteway plane was a small Sesna 140.

The Kingston Squadron was one of the five squadrons participating in the practice mission ordered by the U. S. Air Force in connection with Civil Defense.

Other members of the local squadron participating besides Cdr. and Mrs. Lane, herself a second lieutenant, were Lt. Robert Delaney, Sgts. Victor Osborne and Lanetta Crespino, Wesley J. Hogan, Harold Kearney and several cadets.

The local squadron also had its new mobile support unit at the airport.

Once a year a practice is ordered so CAP personnel can be refreshed on procedures in searching for missing aircraft.

The mobile support unit of the local squadron also participated in the Catskill sesquicentennial parade on Saturday.

#### Flying Fragments Hit Gardecki

### East Kingston Airman Injured by Smoke Bomb

Anthony Gardecki, 22, of Adams street, East Kingston, a second lieutenant stationed at England Air Force Base, Alexandria, La., was injured yesterday when struck by a fragment of an exploding smoke bomb in the First avenue area near the city line.

Taken first to Kingston Hospital for emergency treatment of injuries of the right side and hip, he was later transferred to a hospital at West Point, where his condition was reported as "good" by his mother, Mrs. S. J. Gardecki, said today.

Details of the mishap were not available locally, but Mrs. Gardecki said, it appeared from what she was able to learn, that Lt. Gardecki was about to demonstrate the action and use of a smoke bomb, and had apparently fitted it at a .22 caliber pistol.

The piece, or pieces, which struck him, normally expected to go forward, came backward toward him, when the bomb exploded, Mrs. Gardecki said she was told.

The sheriff's office was apparently notified first of the mishap and Deputy Sheriff Carl Cline relayed the information to police headquarters, when it was found that it had occurred within the city limits.

In the area with Lt. Gardecki at the time, police said, were his brother Frank, cousins Raymond and Donald Gardecki, and Anthony Clausi, all young men. Mrs. Gardecki said she was told that the others were there at the time but not near enough to observe in detail what had happened.

Sgt. Thomas Tomshaw of the local police, and Deputy Sheriff Charles Dulea, checked the area with Frank Gardecki, the police report said, and the remainder of the three-pound test smoke bomb, was brought to police headquarters. The bomb was of a type which throws smoke plumes to test the range of bombing targets.

The army has contended that fulltime operation of Camp Drum could not be economically justified.

**CONVENTION ACTION** on the platform is tabbed for Wednesday night.

Truman and Stevenson met for the first time since the former President's pronouncement of his sentiments as to a nominee, and had only smiles and a brief greeting for each other.

The meeting was at a breakfast given by Mayor Richard J. Daley of Chicago.

And Truman, questioned by reporters as to what his attitude would be if Stevenson won the nomination, said he would support the nominee and if asked, maybe campaign for him. "I want to elect a Democrat," he said. "We've had enough Republican rule."

**STEVENSON**, in a visit with the Minnesota delegation, said he "deeply deplores any effort

**Japs Won't Sign**

Tokyo, Aug. 13 (AP)—The Japanese cabinet today ordered Foreign Minister Mamoru Shigemitsu not to sign Russia's World War 2 peace terms amid reports that Shigemitsu was complaining about interference from his home government.

Ministers said after a 2½-hour cabinet session they were cabling Shigemitsu that Russia's refusal to return the southern Kurile Islands of Etorofu and Kunashiri is "not acceptable" and that he should not sign a peace treaty at present.

The cable, signed by Prime Minister Ichiro Hatoyama, reportedly said also that Transportation Minister Shinji Yoshino would bring instructions to Shigemitsu at the Suez Canal conference in London later this week.

## Still Grappling For Body of Rhinebeck Man

The Ulster county sheriff's office resumed dragging operations in the Hudson river off Kingston Point this morning for the body of William Chatterton, 50, of East Market street, Rhinebeck, who apparently drowned when his boat capsized Sunday afternoon near the middle of the river.

Ivan Farnsworth of Highland was cruising in the river when he reportedly saw Mr. Chatterton's 12-foot plywood boat strike the roller from a passing vessel and flip over. He said the occupant of the boat failed to come up.

Undersheriff Clayton W. Vreedenburgh, County Investigator Arthur Brown, County Jailer Carl Cline and Deputy Sheriffs Peter Peterson, Harrison Rose and Tony Alecca grappled until dark, using boats owned by Charles J. Cole and Irving Basch. They were assisted by several volunteers. A boat was recovered and turned over to constable Lester Butler of Town of Rhinebeck.

County Investigator Brown paid tribute to Rondout Yacht Club which served as the base of operation. He called attention to the difficulty of dragging operations due to depth of water.

Mr. Chatterton, reportedly a good swimmer, is believed to have struck his head on the outboard motor.

He is described as 5 feet 10 inches tall, weighing 200 pounds and wearing a light green sport shirt and brown trousers. He has brown thinning hair and blue eyes.

## William Metz, Wanted Criminal, Captured Today

New York, Aug. 13 (AP)—William Metz, 26, one of New York's most wanted criminals, was captured today on a Queens street. A detective's flying tackle brought him down and a blow to the head subdued him after he ignored two warning shots.

**DEPUTY INSPECTOR** Raymond Martin quoted Metz as saying he has been working as a dishwasher at an upstate dude ranch.

Martin did not identify the dude ranch.

He came back to Queens early today. Martin quoted him, because of "concern" for his children. He has three, up to the age of 4, and Mrs. Metz is pregnant.

**METZ WAS** arrested last time after he allegedly fired three shots into a house for no explained reason.

He escaped the next day, he told Martin, by using a piece of steel from the ceiling of his cell, sharpened on the cell's concrete floor to open two barred doors.

Police placed Metz on the "most wanted" list two days ago.

### Local Death Record

#### Against Any Attack

Matthew H. Herzog Funeral services for Matthew H. Herzog, of 171 Wall street, who died Thursday, were held at the parlors of A. Carr and Son, 1 Pearl street, Saturday at 2 p. m. Many friends, business and professional associates attended the services. The Rev. J. Dean Dykstra, pastor of Fair Street Reformed Church officiated. Cremation took place in Gardner Earle Crematory, Troy, this morning.

#### Anna O. Smith

Funeral services for Mrs. Anna O. Smith were held Saturday afternoon at 2 p. m. at the Jenson and Deegan Funeral Home, 15 Downs street, and were largely attended by relatives and friends. The Rev. John L. Riebhoff, pastor of Trinity Methodist Church, of which Mrs. Smith was a member for many years, officiated at the services. A beautiful display of floral pieces testified to the high esteem in which she was held. During the bereavement hundreds called at the chapel to pay their respects. The burial took place in Rosendale Plains Cemetery where the Rev. Mr. Riebhoff conducted the grave side service.

#### Mary C. Daly

Mrs. Mary Carroll Daly, 88, of 99 Main street, died in this city late Friday after a long illness. Mrs. Daly had resided most of her married life in Franklin, N. J. She had been a resident of this city for the past 15 years. She was the widow of Thomas Daly and was survived by several nieces and nephews. The funeral will be held Tuesday at 9 a. m., from the James M. Murphy Funeral Home, 176 Broadway, thence to St. Joseph's Church, where at 9:30 a. m., a high Mass of requiem will be offered for the repose of her soul. Burial will be in St. Ann's Cemetery, Sawkill. Friends may call at the funeral home at any time.

#### Charles Viret

Charles Viret, 79, of Bloomington, died at his home Sunday following a long illness. He was born in Kingston the son of the late Andrew and Magdalene Rivet Viret. Mr. Viret was employed by the City of New York until his retirement several years ago. Surviving are two sisters, Mrs. Rose Hefferan of Fort Lee, N. J., and Miss Louise Viret of Bloomington; a brother, George of Los Angeles, Calif.; also, a niece and nephew. The funeral will be held from George J. Moylan Funeral Home, Main street, Rosendale Thursday at 9:30 a. m.; thence to St. Peter's Church, Rosendale at 10 a. m. where a high Mass of requiem will be offered. Burial will be in St. Mary's Cemetery, Kingston. Friends may call at the funeral home between 2 to 4 and 7 to 10 p. m., starting this evening.

#### Mrs. Marie C. Glanz

Mrs. Marie C. Glanz, 90, of New Paltz, died early Sunday in Jennings Nursing Home, Highland, after a long illness. Mrs. Glanz was born in Germany, the daughter of the late Mr. and Mrs. Emilie Cuttermann. She has lived in the United States for many years and was the widow of the late Julius Glanz. Surviving are a son, Herman Glanz of New Paltz; a brother, Emil Cuttermann of Washington and a sister, Mrs. Lena Thomas of Wisconsin; also six grandchildren and 17 great grandchildren. She was a member of New Paltz Reformed Church and a member of the Ladies' Aid of the church. Funeral services will be held Tuesday at 3:30 p. m. from Pine Funeral Home, New Paltz with the Rev. Roger Juckett officiating. Burial will be in New Paltz Rural Cemetery. Friends may call at the funeral home this evening.

#### Manslaughter Charge

Troy, N. Y., Aug. 13 (AP)—A 30-year-old bartender yesterday was charged with second-degree manslaughter in connection with the death of Miss Betty Young, 39. Harold B. Fluke of Troy was arraigned in police court before Judge Thomas J. O'Connor. The case was adjourned until next Monday. Police said Miss Young was beaten in her apartment sometime Thursday night or Friday morning. She died in Albany Hospital Saturday. Coroner W. Ronan Campion of Albany county attributed death to a broken neck. He withheld a verdict pending investigation. Fluke lives at the same address as Miss Young.

#### New Customs Form

New York, Aug. 13 (AP)—The customs baggage declaration form used by travelers for half a century will be replaced next Aug. 27 with a streamlined version requiring only a few check marks for a few questions. Collector Robert W. Gill said today the new form should speed up the customs routine all the way around. He said a little more than 1 per cent of resident travelers who returned through the port of New York last year exceeded the legal customs exemption — \$200 for purchases made in a 20-day period abroad and \$300 in a six-month period.

#### Body Identified

Hawthorne, N. Y., Aug. 13 (AP)—State police using fingerprints, today identified the body of a man found last Aug. 3 in the Hudson river off Peekskill as that of Dennis Cunion, 63. But the only other information the authorities had about him was an alien registration card of 1940 with a railroad labore's camp as an address and a cousin, listed only as a Patrick Johnson, of Boston, as next of kin.

#### Walks to Title

Moscow, Aug. 13 (AP)—Mikhail Lavrov bettered the world 20,000 meter walking record today in the Soviet Spartakiad sports festival. His time was one hour, 27 minutes 58.2 seconds. Leonid Spirin also surpassed the listed record as he finished second in 1:28:018. Vladimir Golubinich of Russia holds the recognized record of 1:30:02.8, set last year at Kiev.

More than 40 per cent of the American bicycles bought as gifts are purchased in the six weeks before Christmas.

### Late Bulletins

#### Against Any Attack

London, Aug. 13 (AP)—The British Labor Party demanded tonight that Prime Minister Eden guarantee publicly that Britain will not attack Egypt over the Suez Canal dispute.

#### Can't Stop Sabotage

Damascus, Syria, Aug. 13 (AP)—A government spokesman said today Syria has made it clear to Britain and the United States she may not be able to prevent sabotage of western oil pipelines if there is "western aggression" against Egypt in the Suez Canal dispute.

He said the government will be able to protect British and American-owned petroleum lines in Syrian territory "as long as general circumstances remain normal."

### New York City Produce Market

New York, Aug. 13 (AP)—(State Dept. of Agr. and Mkts.)—Trading was slow and supplies were moderate today in the wholesale fruit and vegetable market. Cabbage, corn and potatoes sold lower.

Fruits held steady. Wholesale egg prices were firm on large and barely steady on others today. (Wholesale selling prices based on exchange and other volume sales.)

**YMCA Day Camp Enters Final Week With 100**

The YMCA Day Camp at DeWitt Lake started the eighth and final week of the 1956 camping season with over 100 boys and girls registered. Louis Schaefer, camp director, announced that the 1956 camping season has supervised and promoted camp for 322 children in the Kingston area.

The YMCA has promoted Day Camping for 14 years and for the past five seasons, a record of over 300 boys and girls have participated in the specialized programs. Camp director Schaefer, said that during these 14 years that approximately 1,100 to 1,200 boys and girls have been taught to swim. This does not include the boys and girls that are taught in the YMCA swimming pool throughout the year.

The day camp Olympic program will highlight the week's special activities. Many of the competitive activities got under way last Friday with the preliminary events being run off. The quarter, semi-finals and finals will all take place before Wednesday. The events are as follows: Ping Pong, Duck Pin Bowling, Basketball (foul shooting), Horseshoes, checkers, Badminton, Ring-O-let, tetherball and dart baseball. These events are all promoted in elimination form.

The swimming and diving program will take place Tuesday at 10:15 a. m. providing the weather is satisfactory. The running and jumping events will be held Wednesday morning. These two big Olympic events are interchangeable, depending on weather conditions.

**THURSDAY**, during the lunch and rest hour all day camp emblems, blue, red and white honor ribbons and camp certificates for special achievements will be presented. This presentation day is considered one of the highlights of the camping season. Friday, Aug. 17 will be an open day with much camp freedom. Wednesday between 5 p. m. and 9 p. m. all the counsellors, camp assistants and the camp director have a closing party with a basket lunch at 6 p. m. Programs for the past season are discussed and many ideas passed on for the 1957 camping season. All counsellors at the YMCA Day Camp, started years ago as campers, junior leaders, counsellors and camp assistants.

**Bomb Sinks Yacht**

Kyrenia, Cyprus, Aug. 13 (AP)—A bomb explosion today sank a luxury yacht owned by Capt. Charles Worthington, wealthy chief of the British security detail assigned to protect Gov. Sir John Harding. Officials said there were no casualties. The yacht, Field Fare, was moored at a jetty only a few yards from the Kyrenia customs house, which was bombed last week by militant advocates of union of this British colony with Greece.

## Hunt Husband After Mutilated Body Is Found

Brocton, N. Y., Aug. 13 (AP)—Police today were searching for the husband of Mrs. Bessie Buchanan, 20, of Dunkirk, whose mutilated and partly burned body was found on the outskirts of the Chautauqua county community yesterday.

State police said the woman's body—head and limbs cleanly severed from the torso—was wrapped in a blanket and tied with rope.

They said Silas and Paul Williams of Brocton discovered it a few hundred yards from an isolated road while they were hunting.

The woman's husband, Lonnie Buchanan, 23, was wanted for questioning, they said.

Coriander Theodore S. Morse of Brocton said the woman's head and limbs had been cleanly severed with a sharp instrument.

He said he was unable immediately to determine the exact cause and time of death.

Neighbors told police they had heard the couple quarreling Friday evening.

They said Buchanan left home yesterday morning after asking his sister to care for his two children, Gladys, 2, and Daniel 3.

## Heavy Food Inlay Set for Convention

Chicago, Aug. 13 (AP)—The Democratic National Convention opens today with a fashionable eatery adjacent to the convention site ready to serve up 22 tons of beef to hungry Democrats.

Caterers at the Stock Yards Inn, next door to the International Amphitheatre, figure it'll take that much meat to satisfy their appetites.

In the Amphitheatre itself, concessionaires are equally well prepared. They are ready to serve 41,000 hot dogs, 18,000 cups of coffee, 2,410 cartons of milk and 45,000 bottles of soft drinks.

Both groups put in an extra heavy inlay of food on the basis of facts learned four years ago when both the Republicans and Democrats staged their conventions in Chicago.

They said the Democrats ate considerably more than the Republicans even though their convention lasted one day less.

## Mountain Taller

Washington, Aug. 13 (AP)—North America's tallest peak, Mt. McKinley, is 20 to 63 feet taller than previously believed, the government has decided. The National Geographic Society said today the U. S. geological survey has officially declared McKinley to be 20,320 feet. The new altitude is based upon more than 10 years of surveys of the mountain, which is located in south-central Alaska.

## Drive On to Keep Air Main Office at Ithaca

Ithaca, N. Y., Aug. 13 (AP)—A stockholders committee says it has "enthusiastic response" to a drive to keep Mohawk Airlines from moving its headquarters from here to Oneida county air-port at Utica.

The committee is circulating petitions on which it seeks signatures of holders of 51 per cent of Mohawk stock, who can call a special meeting of shareholders.

The airline said Saturday that its directors had reaffirmed at a meeting Friday night the decision to move.

A company statement said Mohawk would continue to use facilities at Tompkins county airport, Ithaca, and that Ithaca would continue as the base for southern tier operations, which the airline described as "a substantial source of the company's business."

About 300 are employed at the Mohawk's headquarters in Ithaca.

The directors voted Aug. 3 to move to Utica, where Oneida county has promised to build a headquarters building at a cost of \$2,250,000. Tompkins county made a similar offer.

## Many Activities Feature Meeting Of Cub Pack 13

New York, Aug. 13 (AP)—Four passengers were injured slightly by flying glass today when a metal gate between two subway cars swung loose and smashed a window. The accident at 1 a. m. occurred as an IRT train entered the Times Square station. Taken to St. Clare's hospital for treatment were Julius Stanley, 21, (9 W. 11th street); Julius Gonzales, 27 (320 E. 14th street); Cefereno Lugo, 25, (550 Carlton avenue) Brooklyn; and Ann Belton, 20, of (71 Hillside road) Newark, N. ## Local Minister Attends Union Preaching Clinic

The Rev. William J. McVey, pastor of First Presbyterian Church, and Mrs. McVey have been in attendance at the preaching clinic which came to a close August 10 at Union Theological Seminary, Richmond, Va.

Ministers of 15 different denominations attended this annual 12-day session, which is patterned after a medical clinic. In it preachers are given personal diagnoses of their pulpit work and where necessary, remedies are offered. The distinguished faculty of the preaching clinic was headed this year by Dr. Paul E. Scherer, professor of Homiletics at Union Theological Seminary in New York, and Dr. David L. Stitt, president of Austin Presbyterian Theological Seminary, Texas.

Five students at the clinic preached each morning and each sermon was discussed by two members of the faculty in an open forum. The clinic also included two series of lectures on preaching and four classroom courses.

## Four Passengers Hurt

New York, Aug. 13 (AP)—Four passengers were injured slightly by flying glass today when a metal gate between two subway cars swung loose and smashed a window. The accident at 1 a. m. occurred as an IRT train entered the Times Square station. Taken to St. Clare's hospital for treatment were Julius Stanley, 21, (9 W. 11th street); Julius Gonzales, 27 (320 E. 14th street); Cefereno Lugo, 25, (550 Carlton avenue) Brooklyn; and Ann Belton, 20, of (71 Hillside road) Newark, N. J.

## LIRR Delay

New York, Aug. 13 (AP)—Commuter train delays occurred on the Long Island Rail Road today as trainmen took time to paste scores of scheduled changes in their books. Twenty-one trains were reported late in arriving at Pennsylvania Station up to 7 a. m. (EDT). Most were rolling into the station from 7 to 25 minutes late but one was 102 minutes late. A spokesman for the railroad said the situation would "grow" progressively worse" at the peak rush hour. He said "a pretty bad situation" was shaping up.

## Considers Closory

Vatican City, Aug. 13 (AP)—Pope Pius XII is seriously considering calling a consistory to add solemnity to the beatification of Innocent XII in October, a high Vatican source said today. The informant said the Pontiff has yet to reach a decision in favor of calling the College of Cardinals together.

## Safe Crackers Get \$6,000 at Batavia

Batavia, N. Y., Aug. 13 (AP)—Weekend thieves cracked an office safe at Batavia Downs and got away with nearly \$6,000 in cash.

Police said \$5,974.50 was reported missing from the broken safe discovered by a track employee yesterday morning.

The money represented Saturday night's receipts from concession stands at the track.

## No Big Difference at All

### Harriman, Stevenson Look Like Twins on Home Issues

By JAMES MARLOW  
Associated Press News Analyst

Chicago, Aug. 13 (AP)—The great illusion at the Democratic convention is that there is a big difference between Adlai Stevenson and Gov. Averell Harriman on national issues. There isn't. On most they look like twins.

**BOTH, OF COURSE,** were highly critical of the Eisenhower administration's handling of foreign affairs.

**Immigration**—Both would make changes in the McCarran-Walter immigration act of 1952 to permit more people to enter this country.

**Farm problems**—Both favor 90 per cent of parity support prices and the soil bank plan. Harriman would additionally go along with a foodstamp plan for needy families, a world conference on food resources. Both favor liberal farm credit.

**Health and medical care**—Both back away from the idea of a federal health insurance program. They talked of government help for private insurance plans.

**Taxes**—Harriman is against a general, tax reduction—if there is a budget surplus—until consideration is given to using the surplus to reduce the public debt and to national needs like housing and schools and lower taxes for low income families.

**A CAREFUL CHECK** with Harriman's office here turned up no evidence he has had anything to say about national tax problems.

**Housing**—Harriman's office here could produce nothing from its files here to show he had any plans on housing. Stevenson talked of housing problems in pretty general terms.

**Foreign policy**—Both favor sizable economic aid to foreign countries. Stevenson suggests

## Green Littering

Los Angeles, Aug. 13 (AP)—A litterbug with a slightly different attitude was taken to Georgia Street Receiving Hospital for observation after he was seen tossing pieces of green paper from his car. Police said William Clark, 39, had torn up about \$200 to \$300 in \$20 bills and another \$400 in travelers' checks when he was stopped yesterday in Pacoima Canyon. Officers quoted him as saying he quit his job as a fountain clerk at a Hollywood drive-in three days ago and was "feeling bad." They said it was the only explanation he offered for his actions.

## Swim Attempt Fails

Cape Vincent, Aug. 13 (AP)—James Edmunds, a 51-year-old physical instructor, has failed in an attempt to swim Lake Ontario from here to Kingston, Ont. He was taken from the water at 3:05 a. m. yesterday after nearly seven hours swimming in which he covered seven of the

25 miles between the two communities.

**ULSTER COUNTY FAIR**

Exhibits in greater abundance at the annual Ulster County Fair, to be held Wednesday and Thursday of this week manifest the increased interest in this annual event. Because of the larger participation upon the part of the exhibitors, the fair this year will extend into the adjoining Dietz Stadium.

Fairs of this type give the farmers an opportunity to display their products in competition. They also give the city folks a chance to see what their neighbors accomplish in their occupation of farming.

Included in the exhibits will be departments embracing horses, cattle, poultry, fruit, vegetables, grange, educational, 4-H Club and homemaking.

Aside from the premiums offered, the farmers will have a few days to relax and enjoy themselves.

The Ulster County Fair is unique because there is no admission charge and all are cordially invited to attend.

Additional parking facilities will be had this year in the Stadium.

Those who have attended an Ulster County Fair know that it is worthwhile seeing. Anyone who has not availed himself of the opportunity should make it his business to do so this year.

**THE NEED IS CLEAR**

Eighteen minutes before two airliners crashed in mid-air over the Grand Canyon on June 30 with a loss of 128 lives, a ground control man in Salt Lake City realized that the planes were flying courses that might bring them together. At 11:13 that morning, it was known that the two aircraft would converge above the Painted Desert in Arizona at 11:31, and that they would be at about the same altitude.

Yet the pilots were not warned because, said one of the ground control men, the normal workload "is such that it is impossible for us to offer such information."

This is part of the record of testimony before a Civil Aeronautics Board panel investigating the crash. More than anything else yet said, it dramatizes the need for faster, more accurate traffic control.

The same ground control man testified that "it is impossible to furnish control instructions to aircraft operating off airways." Whether it was impossible in this instance is a matter the CAB panel will consider. There is no doubt at all, however, that the present traffic control system—the rules of flying, as well as the facilities for regulation from the ground—has been outmoded by the increase in air traffic.

If the terrible Grand Canyon smashup stimulates Congress and the airlines to speed up development of an adequate control system, then those 128 lives will not have been sacrificed in vain.

**THE RIGHT DIRECTION**

It was cheerful, if not surprising, news that the federal government had a surplus of \$1.75 billion in the year which ended June 30. Better still was the word that the excess had been used to make a small reduction on the nation's huge public debt.

That debt has now been reduced to \$272,750,000, still a whopping sum. Nevertheless it is nice to see it go down a trifle instead of constantly up. Debt reduction has seldom been in fashion since the early 1930's.

Prospects for another somewhat larger surplus are good for the present fiscal year. No doubt if it is big enough the lawmakers on Capitol Hill will translate it into some kind of tax reduction. But it would be a pity if some of the extra revenue were not used once more to make perhaps a more substantial slice in the debt.

If it is not to be reduced when surpluses occur, when will it be?

We sympathize with the poor Maharajah of Jaipur who has had his earnings cut to a paltry \$335,000 a year. But if it's any comfort to him in his poverty he might reflect that money can't buy happiness.

**DIE OF YOUR ANGER!**

I do not know much about the stylistic nature of Arabic broadcasting nor who Ahmed Said is. But the "Voice of the Arabs," out of Cairo, gives to the Arab world an oration by the aforesaid Ahmed Said, every paragraph of which starts with the phrase, "Die of your anger!"

Of course, he wants the United States to die of its anger, because the American government has declined to throw millions of dollars of the American taxpayers' earnings into Nasser's High Dam. Who can say who will die of anger; Ahmed Said starts:

"Imperialists, both British and American, die of your anger, for Egypt and all Arabs will extend their hand to the free people of the world to fight imperialism. Die of your anger, for Egypt will not be frightened and intimidated and the Arab nation will never succumb to defeatism and despondency. We shall all surge forward toward the objectives of freedom and independence."

Fine! There is nothing better than freedom and independence and let them surge forward, if they so desire and can do it. It has been a long time since Egypt has been an independent nation.

Are the Arabs Egyptians; perhaps no more than the Ptolemies who were Greeks. After another "Die of your anger," Ahmed says:

"... for the Egyptian economy is strong, vigorous and steadily developing. It is capable of meeting the cost of the High Dam project, as was emphasized by the director of the International Bank in his document to Egypt. He said that the revenue from the electric power alone which would be generated at the site would be more than enough to repay the expenses of the project."

If the Egyptian economy is strong and vigorous, why does Nasser want our money? Americans will be happy to know that Egyptian economy is strong and vigorous, because then Nasser can row his own boat and does not need to bother us to help him. Americans prefer that the economy of every country should be strong and vigorous, for then we should be able to reduce taxes and perhaps also reduce our national debt without all the time worrying about the weak and backward countries that are always looking for a hand-out. And it is becoming increasingly puzzling to the American people that all those countries which are strong and vigorous and independent come to us for a hand-out. Is that a sign of strength and vigor?

Ahmed Said has a couple of more "Die of your anger!" paragraphs and then he says:

"Die of your anger, for even Sudan, on whose

land part of the great reservoir will be situated,

criticized, through the words of her premier,

the U. S. statement which attempted to incite Sudan against Egypt and to create dissension between the two neighbors. The Sudanese premier said

that the Nile water is an Egyptian-Sudanese question and no other state has the right to interfere with it."

That ought to be satisfactory to all the world, except that the Suez Canal happens to be an international body of water, important to the shipping of all the world, built by foreign capital, designed and constructed by a French engineer, if Egypt, or Egypt and Sudan, or anybody else wants to close that road, there is enough police power left in the world to keep it open. And open means open to all the world without exception or discrimination.

What the new little dictators seem to forget altogether is that the world has had a prolonged and painful experience with the big dictators, Mussolini, Hitler and Stalin, artists at their trade, masters of the impudent word and deed. Much has been learned from them about how to deal with dictators and what a course they run. Nasser does not seem much bigger than Mossadegh, his Iranian predecessor at grabbing and what a sad end came to Mossadegh!

Ahmed Said says:

"Die of your anger, for we shall no longer be deceived by your promises and aid. Die of your anger, for to quote God's word to his enemy, 'You will see no good from us.' We shall proceed along our path, antagonizing your imperialism, fighting your ambitions, and undermining your interests."

Go to it, Ahmed! Go to it!

**That Body of Yours**

By JAMES W. BARTON, M.D.

**FUNCTIONAL DISEASES**

Two of the words often used by the medical profession that are a puzzle to many people are "functional" and "organic" disease. To roughly define these two words we may say that "functional" disease is an abnormality in the function or working of an organ, whereas "organic" disease means that there is an actual disease or change in the structure of an organ. What makes the whole question further distracting is that a functional disease has been known to progress on to become an organic disease. This has made many physicians lack confidence in their ability to diagnose functional disease. Dr. Leonard L. Lovshin of the well-known Cleveland Clinic Foundation, has an article in Postgraduate Medicine which contains much information on this important subject.

He says that a complete history is generally recognized as being of utmost importance in diagnosing any disease, whether it be organic or functional disease; however, the importance of the physical examination in recognizing functional disease has not been generally appreciated. In fact, most textbooks on physical diagnosis include very little discussion, or none at all, on this very important subject. At most, there may be brief mention of the prevalence of a rapid pulse or elevated systolic pressure in the nervous patient.

The type of physical examination that is useful in distinguishing those patients whose symptoms are functional in nature is more subtle than the routine procedures it supplements. The physician who is sensitive to human manifestations is often able to make a proper diagnosis after the first glance at the patient—that of anxiety state or conversion hysteria which is a neurosis marked by spasms and cramps on attempting motions, perhaps on top of a minor or even major organic disease. The organic disease may be, and often is, unrelated to the symptoms of which the patient complains.

The physical examination actually begins even before the physician sees the patient. For example, it is easy to sense the nervous makeup of the person who must have an immediate appointment, who considers himself a GRAVE EMERGENCY, even though he has had the symptoms for months or even years. A husband often calls in for his own appointment, and the wife for her own. When a wife makes an appointment for her husband, this is to be considered entirely normal because wives are "supposed" to take care of such details. However, when the husband makes the appointment for his wife, very likely she is a nervous and inefficient type of person, for husbands are not "supposed" to take care of things like that.

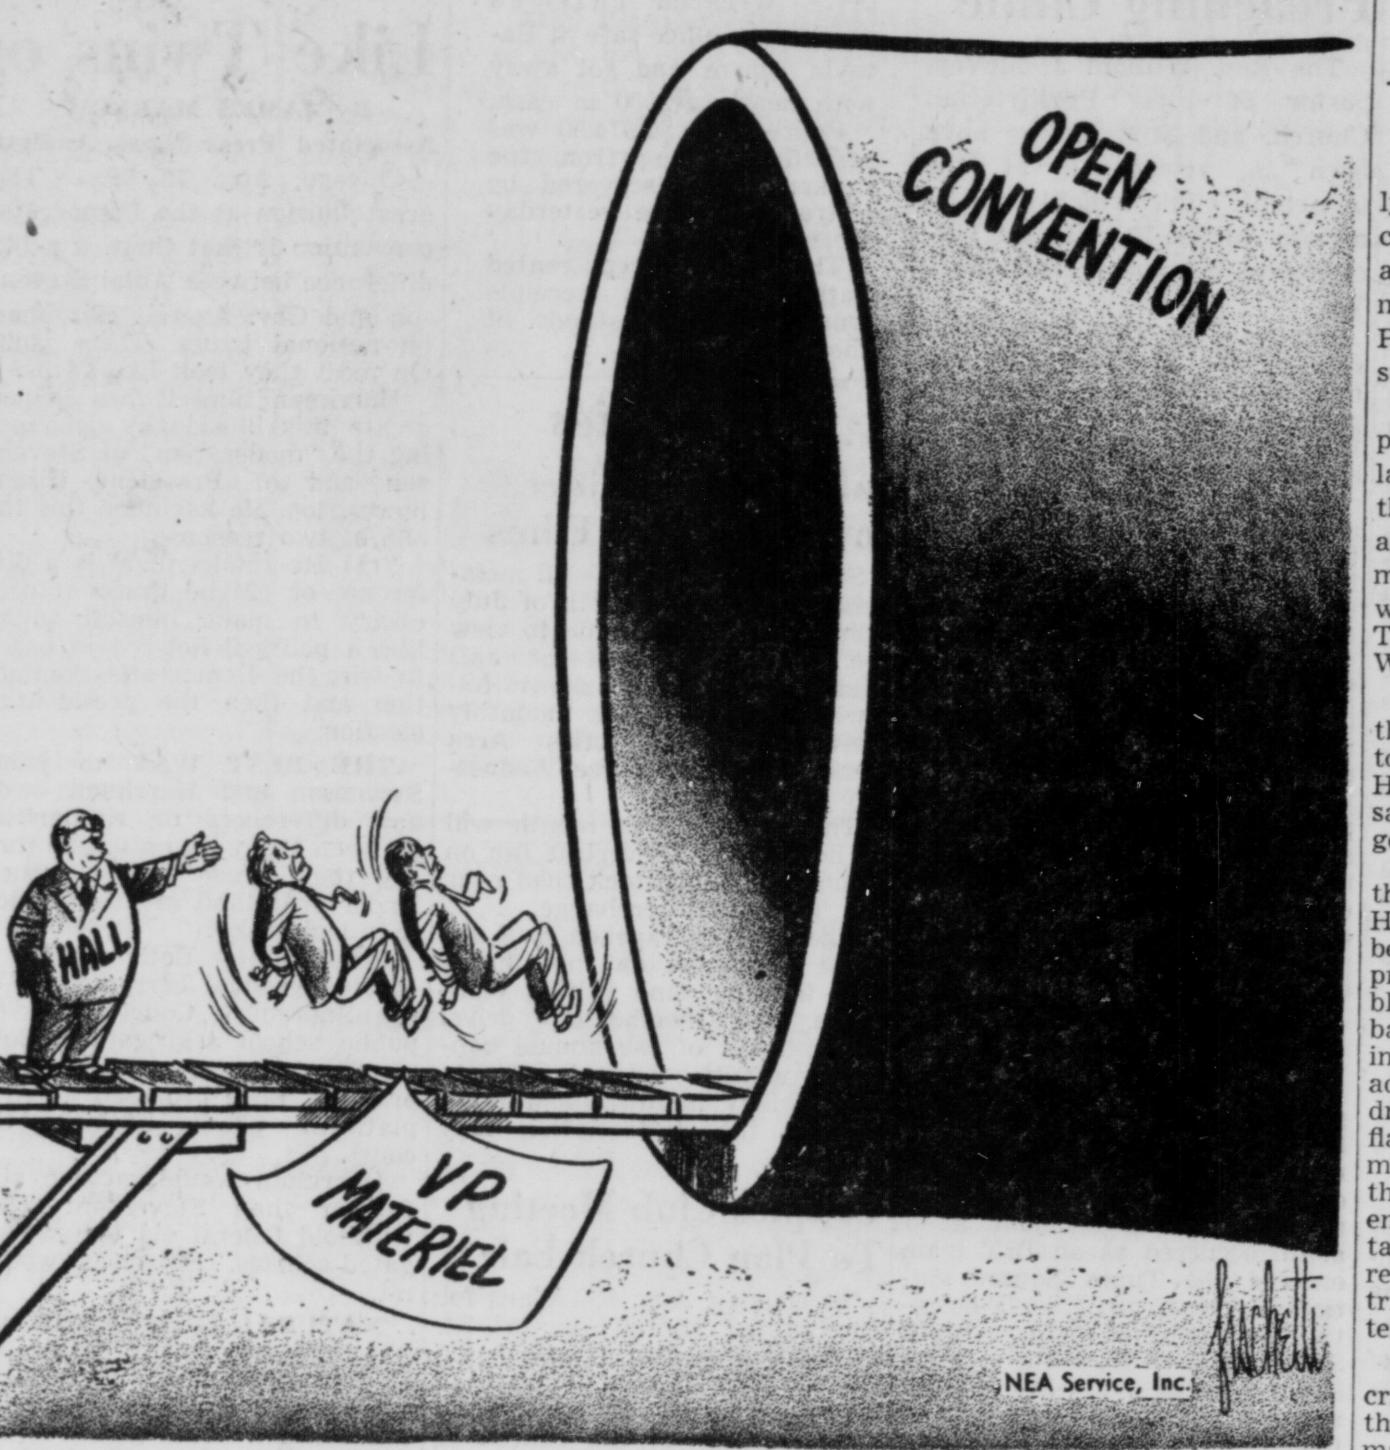

Much can be deduced about the patient from the behavior of his or her relatives at the time of the doctor's appointment. It takes little skill to evaluate the brave, sweet smile of the hysterical woman who is being hovered over by a husband and sons and daughters.

Tomorrow we will discuss some more of the things a physician can learn from a patient even before the physical examination. I feel that these findings are important because it is pretty safe to say that there is not one of us who has not had, at one time or another, a functional ailment.

Are you neurotic? Do you think you have some ailment not revealed by medical tests? Send for Dr. Barton's booklet "Neurosis" enclosing 25 cents, to cover cost of handling and mailing, to The Bell Syndicate, in care of The Kingston Daily Freeman, Post Office Box 99, Station G, New York 19, N. Y.

**OPEN CONVENTION****Today in National Affairs****Truman's Statement Is Seen As a Boost for Eisenhower**

By DAVID LAWRENCE

Chicago, Aug. 13—Surprisingly enough, Adlai Stevenson's chances for election, if nominated here this week, were immeasurably improved by former President Truman's decision to support Gov. Harriman.

Mr. Truman, of course, didn't plan it that way. For he is the last man in the world to accept the theory that the people voted against Stevenson in 1952 primarily because they thought he was too closely tied up with the Truman crowd in that "mess in Washington."

**IF IT BECOMES** evident now that Stevenson would not be the tool of Truman in the White House, many hundreds of thousands of independent voters would go to Stevenson in key states.

Examined from every angle that means something in politics, Harry Truman's statement in behalf of Gov. Harriman was probably the worst political blunder he ever made. It's too bad he didn't show his statement in advance to a few experienced advisors. For they would have drawn his attention to the most flagrant bloopers in his pronouncement—an unintentional boost for the re-election of President Eisenhower.

Truman's statement favoring Harriman was issued, there are fewer today because many have gone over to Stevenson.

Some observers think Truman is playing a shrewd political game—that he really doesn't favor Harriman but wants a deadlock convention so he can get a complimentary nomination himself or bring out another blemish, Sen. Symington of Missouri, who also held various offices under Truman and was an integral part of his Administration.

**THE ARGUMENT** being made against Stevenson behind the scenes are diverse. Some don't like him and can't say why—it's a kind of whispering campaign.

Certainly Mr. Eisenhower, if inaugurated on Jan. 20 next, will fit that description better than any other man. For he will not have to go through a period of costly and dangerous trial and error."

Certainly Mr. Eisenhower, if inaugurated on Jan. 20 next, will fit that description better than any other man. For he will not have to go through a period of costly and dangerous trial and error."

There are many members of Congress in the various state delegations. To them the contention is made that Stevenson ran behind the Democratic party's congressional ticket in 1952 in several states. But so did Harry Truman in 1948. Actually the people four years ago were protesting against Stevenson as the top of the ticket because he bore the Truman stamp of approval. The congressional candidates in 1952 were able in many cases to disassociate themselves publicly from the Truman regime, and they won.

**STEVENSON** is today the front runner and, based on all precedents in similar situations, he should win the nomination. The south can beat him and deadlock the convention, but the Stevenson managers control the strategy of the Resolutions Committee and can keep out of the platform any language that could cause the south to "secede." Stevenson is still the best bet for the nomination, and Truman—being a loyal party man—would, of course, support him and campaign vigorously for him if nominated.

**THERE WERE** other slips in the Truman statement. Why, for instance, though not believing in "political polls" does the former President disregard the millions of votes cast in the primaries for Stevenson? Also, if Harriman is so experienced in international affairs, why wasn't he Harry Truman's choice in 1952? For Harriman was much more closely identified with the Truman administration in Washington in the four years preceding 1952 than was Stevenson.

It turned out, of course, in the 1952 campaign that Steven-

**AS PEGLER SEES IT**

By WESTBROOK PEGLER

The Rev. Edward A. Keller, of the University of Notre Dame, has written a book entitled "The Case For The Right To Work Laws; A Defense Of Voluntary Unionism."

I am obliged to him for taking a general paste at some of his brethren in the same cloth for controversial conduct.

"Unfortunately," says Father Keller, "most of the debate has degenerated into accusations of bad motivation and sloganizing which have not served the cause of truth and charity." Further on this point, I find in the book an admission by the Rev. John E. Coogan, a Jesuit, of Detroit University, that "many friends of the laboring man \* \* \* feel that the priest-spesmen for the union shop have left unspoken many of the things that demanded saying in explanation of its present outlawing by 18 states of the union."

He further wrote that while such spokesmen have not denied all union provocation for such laws, "their reference to such provocation commonly is so glancing and so sidelong that it might as well have been omitted altogether. No matter what the labor dispute, such champions of the union shop as a rule find that the union is substantially in the right. Such championing often seems with little regard for the rights of the individual workman and of the 18 outlawing states."

The complexity of this expression may be pardoned in grati-

tude for an important concession. Priests have "left unspoken" facts which should have been known to them. In consequence of such conduct individual members of the laity have been grievously injured spiritually and otherwise. I certainly did not wait until last year or two years ago, after the tide had set in against political communism by unions, to declare that no American worker had any obligation to his fellow-men to give money out of his wages to political causes hostile to his conscience. On this point, Father Keller, writing for himself says:

"It is repugnant that free American citizens be forced, under compulsory unionism, to make contributions to causes, political or economic, to which they may be opposed in principle or in conscience. The merger of the AFL and CIO into one huge labor organization which has, as one of its most important objectives, political action (and the use of part of the initiation fees, dues and uniform assessments for that purpose), is one of the strongest arguments today against compulsory unionism and the forced political contribution for political purposes to which many members may be opposed. One has only to recall the open political contributions of John L. Lewis, Sidney Hillman, David Dubinsky, et al, in former years to realize the inherent danger under compulsory unionism."

Lewis is dormant and Hillman is dead, but Dubinsky today is the arrogant, impudent boss of a clandestine, irresponsible, international political machine directed in this country by Jay Lovestone and in foreign lands by a mysterious stranger known as Irving Brown. Neither Lovestone nor Brown ever was elected to any union job by any present group of American workers. Both are unregenerate Communists of the Trotsky school, which is now vindicated among Reds by the fall of Stalin.

And Brown has been accused by the French government in north Africa of helping the enemy in the current war which is at bottom a Soviet aggression against a weak member of our western alliance. This certainly is not a legitimate function of an American labor union, but George Meany, president of the AFL-CIO, has poured AFL money into the conspiracy. Nevertheless, Father Keller's campaign manager.

## DO YOU REMEMBER

BY SOPHIE MILLER

Received a nice note from Richard E. Howard, local mailman, who writes in part: "we did appreciate your interest and feel that many of your readers now have a better knowledge of what is meant by the 'mails must go through!'" Several weeks ago mention was made of the new carriage push-carts that our local mailmen have been wheeling to cart their heavy leather bags around. Just in case some folks think that these carts are loaned or given to them, it was brought to my attention, that each mail-carrier who desires one, buys one out of his own pocket and has to also pay postage on it, like you or I. It comes to around \$32.

On their heavy mail days when the magazines weekly ones are delivered sometimes their leather packs weigh around 40 pounds. Of course in rainy days carrying an umbrella and a pack or wearing heavy clothes in winter should give them much to complain about, but they seldom do. Instead they listen patiently to all of us when we tell them our troubles when our mail comes in.

I remember one mailman who always used to know when I sent an article away and it came back, and when he had a check for me. He used to say, "Here's a light one, it must be a check!" He was usually right. Later I wrote him up also, as he had a remarkable dog companion, who used to wait for him and make all the stops with him. It appeared in a pet magazine.

I do not remember this incident although it took place one block away from me according to The Kingston Freeman and Journal of Friday, August 10, 1923.

It is less than a quarter of a century ago and look how that industry has grown. Today seldom is a kitchen found without one, and nothing has to be in the cellar. It comes in all sizes and colors with and without deep-freeze. I wonder what improvements will be made in the next quarter of a century. I wonder which home was the first who had it installed in Kingston. Who remembers?

I see that gasoline dropped 2 cents a gallon in 1923. It was selling for 22 cents and dropped to 20 cents a gallon. The wholesale price was 18 cents. I understand that during the depression gas went down to two gallons for a quarter and they had cheap grades that went as low as 9 gallons for \$1.

## Think It Through

By E. F. HUTTON

### THE REAL HUMANITARIAN

Neighbor, we give too much credit to politicians and statesmen. They are, in truth, the pygmies who ride on the shoulders of the giant of science, technology and invention. It is the sanguine and politicians who have led mankind into its most terrible disasters—war and inflation.

It is the dynamic upsurge of millions of men and women working in an atmosphere of freedom that is the great creative force behind all material progress. The incentives to own property are the spark plugs of prosperity.

When better tools began to do the world's hard work more cheaply than the cost of keeping slaves alive, the emancipation of man from a life of hopeless, ceaseless drudgery really began. There can be no welfare without wealth. There must be something to tax before the politicians and their camp followers can redistribute the wealth and pin the "great humanitarian" badge on their bosoms. If some tragedy forced us to go back to the crude wooden tools and the man, horse, ox, wind and water power that prevailed when Franklin caught the lightning from the sky, we would at once return to the seventy-hour week, the dollar-a-day pay, and lives of endless toil. Nothing that politicians, statesmen, labor unions or social reformers could do would prevent it or cure it.

## SHOKAN NEWS

Shokan, Aug. 11—Mr. and Mrs. Alfred Breuning and Henrietta Gebelein have returned to West Hempstead, L. I., following a visit with their relatives, the Henry Gebelein family. Mr. Breuning is commissioner of the sanitation department in the Long Island community.

Mrs. Edward Dewitt of upstate Kingston was a caller in the hub of the reservoir country Monday.

Mr. and Mrs. Rene Augay and son, Armin of West Hempstead are occupying the one-time Peter Winchell farmhouse on the Chase estate as a summer home.

The house which commands a sweeping view of the reservoir was formerly rented by the Alexander family who last year bought the nearby Anita Smith or one time John Cudney place.

Bernard Stahl of the Onteora School faculty, is repainting the exterior of his village center home. Color scheme is red with white trim, a pleasing contrast to the majority of Shokan dwellings which are predominately white.

### Gardner Disapproves Of Dior's New Length

BY FRED J. ZUSY

Rome, Aug. 13 (AP)—One girl with a complete wardrobe by Christian Dior says he can keep his nearly ankle-length "new look."

That's Ava Gardner, now in Rome to film a triangle comedy which maroons her with two men on a Pacific Isle.

Everything Ava wears in the picture comes from the House of Dior: the evening dresses she dons on the yacht before shipwreck, the fancy undies that she's down to when her wardrobe runs short on the beach—even a sari and grass skirt that fit into the coconut tree background.

The wardrobe includes two flowing Dior nighties.

On the new ankle-length styles Dior recently displayed in Paris, Miss Gardner commented:

"Dior can go ahead and create all the styles he wants. But I'm one little girl who won't wear them."

"They'd be O.K. for a girl with bad legs. My feeling is women's legs are a beauty to be shown, up to a point. The fe-

male figure is a beautiful thing, and Mr. Dior can't improve on it."

When the filming of "The Little Hut" winds up around Sept. 1, Miss Gardner will return to her home in a Madrid suburb until January.

Then she will visit her three sisters and a brother in North Carolina. "I haven't seen them in several years," she said. "Why there's nieces and nephews I've never seen—even a grandnephew."

She has signed a property settlement with Frank Sinatra and plans to follow through with a divorce while in the States.

### Bouffant Hair Style Is Popular in Show

Los Angeles (AP)—Don't shoot, men—that blue-haired viking in the kitchen may be your wife.

For the California Cosmetologist Association at its annual convention yesterday displayed the hairdos of nearly 150 hair stylists—and something called the bouffant emerged as the dominant new style.

The bouffant was described as the flaring out of hair on the sides into the shape of an old viking warrior's helmet. It's the fashion of 1952, but with a modern touch, one expert said.

One husband who booed the bouffant added thoughtfully: "Hairsty day—but gone tomorrow."

### Wolfersteig Accepts Jamestown Position

ROBERT WOLFERSTEIG

Robert Wolfersteig, son of Mr. and Mrs. Clarence Wolfersteig of Connelly, has accepted the position of assistant professor of music at Jamestown College, Jamestown, N. D., and expects to assume his duties with the opening of the new semester.

In addition to heading the organ and piano department at the College, he will also be choir director and organist at the First Presbyterian Church in Jamestown, N. D.

Mr. Wolfersteig, who until recently was in the service of the U. S. Navy, received his BM in Organ at the Cincinnati Conservatory of Music and MM at Westminster Choir College, Princeton, N. J. He was a student of Dr. Alexander McCurdy, world known concert organist.

He entered the Navy in 1952 and served as Chaplain's assistant in Bainbridge, Md. and Bermuda.

While in Bermuda, Mr. Wolfersteig and his wife, Eloise, were active in musical circles there for nearly two years. They gave numerous joint concerts and recitals. Mrs. Wolfersteig, who received her BM in Voice from Westminster Choir College, is a dramatic soprano. She also studied with Joseph Ladore at the Peabody Conservatory.

For the dedication of the chapel at the U. S. Naval Base in Bermuda, Mr. Wolfersteig wrote special music. He also directed the choir of the Bermuda Musical and Dramatic Society and played at 14 Bermuda churches. He also gave a concert at the British Military Garrison.

Maria Lo Pinto Completes Research On Fourth Cookbook; Will Be Out in Fall

By Dorothy A. Narel

Freeman Society Editor

"I have come by my cooking knowledge honestly," said Miss Maria Lo Pinto, successful lawyer and author of three cookbooks of which nearly 100,000 copies have been sold.

It was during an extremely pleasant luncheon in Miss Lo Pinto's home on Lucas avenue that she revealed this fact.

"At the age of ten, when my mother became ill, I had to do my share of the cooking for the family and it was then I received my formal instruction, you might say. Our entire family has always been interested in food. In Italy, the family owned and operated a pensione, known here as a boarding house, and their cooking was known for miles. Recipes have been handed down from generation to generation and most of these I have included in my book, 'The Art of Italian Cooking.'

Miss Lo Pinto pointed out that this book, a Doubleday publication, has sold 75,000 copies for her in the United States and has been released for publication in the British Commonwealth. The companion book, 'Art of Making Italian Deserts,' has sold 10,000 copies to date.

"When I was doing research work for my third book, 'New York Cook Book,' which is a collection of various types of foreign dishes, I met the most interesting people. I went to practically all the foreign restaurants and districts in New York city, and not only ate delicious food but came away with practical recipes. The book, itself, proved so popular that the publishers, Wynn Publishing Company, released it to the British Commonwealth and it is now on all their bookshelves."

Miss Pinto is, by profession, a lawyer. She completed her studies at New York University and works in the offices of Thomas A. Ryan, trustees and estate specialists on Wall street in New York city. To some it would seem strange that Miss Lo Pinto combines law and cooking as her two main interests, but she says, "I always wanted to be lawyer ever since I was a little girl."

Being one of five sisters in a family numbering about 40, including nieces and nephews, Miss Lo Pinto always had enough people around to taste her cooking—especially her new concoctions. She said, "when we get together, it's a holiday, whether officially or not. But all the members of our family have tried

#### INVITING SON'S GIRL FRIEND

"While working in another city, my son met a young woman he has become quite fond of. He returned home recently and has asked me to write to the girl and invite her to our house. I would like to do this very much, but never having done so before I am at a loss as to know what to say. Will you please help me? Also, will you tell me how to sign the note?"

You write to her and say something like this: "Dear Mary, I feel as if I know you very well from John who so often speaks of you. Won't you come to stay with us this following weekend from Friday to Monday?" Looking forward with pleasure to meeting you. Sincerely, Jane Jones (On no account Mrs. Jones.)

#### Watching the Fight

Dear Mrs. Post: The other evening neighbors of ours dropped in for a visit. We spent the evening in conversation. At ten o'clock Mr. Neighbor asked if he could turn on the television to look at the fight. Not feeling that I could refuse, I said he could turn it on. Neither my husband nor I care to watch the fight and I'm sure Mrs. Neighbor was bored with it too, but we were all forced to sit and watch it. Isn't it wrong for a guest to ask the host, or hostess, to turn on the television, and if so, can a hostess refuse to turn it on without being rude to a guest?

Answer: It would not be rude for a very intimate friend to ask this of you and you could not refuse so long as you and your husband were the only ones there. If there had been other guests who did not care to see it, then you could have refused.

The cast of the pageant is drawn mostly from young people associated with the church's eastern states mission. The director was Dr. Harold I. Hansen of Brigham Young University.

Marilyn on Bike

England, Aug. 13 (AP)—Sheathed in a formfitting blue slack suit, Marilyn Monroe took her first bicycle ride in the English countryside Sunday. Hardly a British eyelid fluttered. Marilyn pedaled alongside her husband, playwright Arthur Miller, for an hour through country lanes near the home they have rented while she makes a film here. Her bike ride, which she announced was one of her dreams when she arrived here three weeks ago, went almost unnoticed. There were no fans, no autograph hunters.

During the week, when she is in her law office, Miss Lo Pinto resides with her two sisters in Brooklyn. "Week ends, I like to spend here in my home near another sister of mine, Mrs. J. DiPeri of DiPeri's Auto Service.

Miss Lo Pinto's eyes lighted up and she flashed a big smile when she said, "You know, this is my cookbook house because it was built entirely from royalties. I wouldn't have been able to do it otherwise."

That cooking interests run through the family was certainly made evident when Mrs. DiPeri stopped by briefly to leave two large jars of home-made applesauce with me. The apples, Mrs. DiPeri pointed out, were picked from their own trees and in the opinion of this reporter, the applesauce was delicious.

I also learned that Twayne Publishers will soon have off the presses a book just compiled by Miss Lo Pinto entitled, "Eat Honey and Live Longer." Judging from her previous books, this should be terrific.

Counted in her future plans is a cooking school for young brides. Miss Lo Pinto would like to conduct the school on Saturdays in Kingston beginning in the Fall and the program would include instruction on preparing meals for two, economical meals, parties and other phases of cooking which would be of interest to a young girl just starting out on her married career.

Miss Lo Pinto, who herself, is a most charming and gracious person, would certainly spell success for such a venture.

## Belgium Pays Final Tribute To Mine Dead

Marcinelle, Belgium, Aug. 13 (AP)—Belgium today paid a mournful final tribute to the victims of the greatest mine disaster in the little nation's history. Six flag-draped coffins rested in the open square behind the

gray, weatherbeaten 12th century church of this saddened little community near the blazing Bois De Casier coal mine.

**THE REQUIEM** Mass for the six men—three Italians, two Belgians and a Pole—was Belgium's symbolic tribute to all those who have died since the fire broke out last Wednesday. The dead may total 270 men, but so far only 11 bodies have been recovered. Five were claimed by their families for private services.

Two miles from the church, rescue workers still fought fire, smoke and withering heat in an effort to reach a gallery at 3,300 feet where officials hoped some men might be found alive.

**IT WAS A** day of national mourning, with flags throughout the country draped in black.

Mourners three and four abreast filed past the six coffins before the service started. Wreaths formed a huge bank of flowers. The mourners were led by Prime Minister Achille Van Acker and an honor guard of 100 miners.

**MAPLE HILL COLLISION**—William Bradley, 36, of 32 Ponckhockie street, was treated for lacerations of the face late Saturday night following a two-car collision on Route 32 about two miles north of Rosendale. The collision involved a 1948 sedan operated by James Lindsay, 31, of 52 Meadow street, and a 1940 sedan operated by Raymond Hines, 33, of Port Ewen, according to troopers Patrick Crowley and Robert Flynn of

the Kingston State Police. They said both cars were traveling south when the Lindsay vehicle stopped to make a left turn at Maple Hill. The Hines car was unable to stop and struck the left rear of the Lindsay automobile. Mr. Hines was arrested charged with driving at an endangering rate of speed. He is scheduled to appear at 3 p. m. today before Justice of the Peace Edward Brodsky of Town of Rosendale. (Annex photo).

### No New Hearing On Control of Party by Moscow

Washington, Aug. 13 (AP)—The Subversive Activities Control Board (SACB) has decided against a new hearing on whether the American Communist party is controlled by Moscow.

Instead, it is striking from its records the statements of three government witnesses and will reach a new decision on the basis of remaining testimony compiled during lengthy hearings several years ago. It did not say when the new decision will be reached.

The board ruled in 1953 that the party was a tool of Moscow. As such it would be required to register with the Justice Department, list its members and give an annual financial accounting.

The Supreme Court sent the case back to the board, however, for re-evaluation of the testimony of Manning Johnson, Harvey Matusow and the late Paul Crouch, who had appeared before the government. The court said the board could either disregard their testimony or give

the Communist party an opportunity to try to discredit it.

The decision to disregard testimony of the three was announced in a weekend opinion by SACB Chairman Thomas J. Herbert. He noted that Crouch had since died and said the board had ruled previously that Matusow's credibility "was such that it should disregard his testimony in toto." Matusow had repudiated his own testimony on other matters.

After the Supreme Court acted, the party asked the board to reopen the case for consideration of new developments—particularly events following Russia's downgrading of former Premier Joseph Stalin.

Herbert said however that to reopen the whole proceeding "because of events transpiring while the case is undergoing the lengthy judicial review procedure would result in endless litigation which never comes to fruition."

### Two Are Arrested On Prowler Tips

Two men were arrested early today following complaints of prowlers in two areas of the city.

Robert Lane, 39, of 39 Van Buren street, was arrested by officers Gerard McCloskey and Harry Tempelaar following a complaint at 2:07 a. m. that a prowler was active on Cornell street. He was charged with disorderly conduct and was fined \$10 by City Judge Raymond J. Mino today.

Milton Wright, 40, who police said, has no home, was arrested by officers John Frasch and Charles McCulloch on a public intoxication charge, after a complaint at 4:25 a. m., that a prowler was active at the rear of 44 Broadway. Wright was picked up on Ann street, near Mill street, and was sentenced in city court to 10 days in jail.

Local fire department assistance helped save a tug which began sinking near the Newcombe dock in the Kingston Point area yesterday morning.

The fire department was notified at 6:59 a. m., that the tug, the Brenden, of the Saljac Towing & Transportation Co., Port Richmond, S. I., was sinking, apparently due to a leaky seam. Union Hose company was dispatched to assist under direction of Deputy Fire Chief Howard Myer. A pump was borrowed from the Reliance Marine Transportation and Construction Corp., 615 Abeel street, and Cornell

### Card Magic Worked

Berlin, Aug. 13 (AP)—A Communist court in East Germany has jailed a 53-year-old woman for using card magic to influence people to flee west, the official Soviet zone newspaper Neue Justiz said today. Neue Justiz said the fortune teller told her customers they were being hunted by Communist police, but would soon go on a journey that would make them very happy. It complained 18 persons and their families fled west as a result.

### Home Extension Service News

The Ulster County Extension Service Association, Home Demonstration Department, will have an exhibit on kitchen storage at the Ulster County Fair, Wednesday and Thursday.

The exhibit will consist of a suggested plan for dish storage as well as storage for things that are to be used at the bake center. The exhibit will include ideas for individuals who are renting as well as those who own their own homes.

The storage committee who made all the plans for the exhibit consisted of Mrs. Gerald DuBois, New Paltz; Mrs. Frank Coy, Modena; Mrs. John Konjuk of Flatbush; Mrs. Charles Huntington, New Paltz; Mrs. Ernest Steuding, Kingston; Mrs. William Weber and Mrs. Richard Stokes of High Falls.

## One Crash Hurts Three, Driver Is Held in Other

Three Brooklyn residents were injured in a two-car mishap on North Front street Saturday afternoon, and a driver was arrested on a license charge after an accident on Albany avenue Sunday.

A police report at 1:05 p. m., Saturday said the car of Sam Marcus, 49, of 71 Green street, was "making a U-turn" into the lot of the Minasian market, and the car of Gustav Warga, 56, of 269 Graham avenue, Brooklyn, was headed east on North Front street.

Wolf Wiliezowski, 49, of 366 South Second street, Brooklyn, reported an injured right elbow; Raia Warga, 38, wife of the driver, reported an injured left hip, and his daughter, Stymine, 5, suffered head injury. All were treated at Kingston Hospital. Officers Edward Leonard and Gurnsey Burger, Sr., investigated.

Wayne Harris, 19, of Forge Branch, Ky., was arrested on a charge of driving without a license after the accident reported at 9:31 p. m. Sunday near the Governor Clinton Hotel.

Officers Gerard McCloskey and Harry Tempelaar said a car, owned by John McClanab, of the Bronx and driven by Robert Brown, 25, of 11 Meadow street, and the car driven by Harris, were both headed west on Albany avenue. Harris was driving a car owned by DeSales Magazine Service, White Plains.

Harris, due to appear before City Judge Raymond J. Mino this morning, failed to appear and forfeited \$10 bail.

### No New Hearing On Control of Party by Moscow

Washington, Aug. 13 (AP)—The Subversive Activities Control Board (SACB) has decided against a new hearing on whether the American Communist party is controlled by Moscow.

Instead, it is striking from its records the statements of three government witnesses and will reach a new decision on the basis of remaining testimony compiled during lengthy hearings several years ago. It did not say when the new decision will be reached.

The board ruled in 1953 that the party was a tool of Moscow. As such it would be required to register with the Justice Department, list its members and give an annual financial accounting.

The Supreme Court sent the case back to the board, however, for re-evaluation of the testimony of Manning Johnson, Harvey Matusow and the late Paul Crouch, who had appeared before the government. The court said the board could either disregard their testimony or give

the Communist party an opportunity to try to discredit it.

## THE LOOKERS

Trade Mark Reg. By Junius

He was a stranger in the neighborhood, and had been brought to a dance at the local Deaf and Dumb Hospital by his old friend the doctor.

Stranger (anxiously)—How on earth can I ask a deaf and dumb girl to dance?

Doctor (who had done it many a time)—Just smile and bow to her.

So the young man picked out a pretty girl and bowed and smiled, and she bowed and smiled, and away they danced. They danced not only one dance that evening, but even two, and he was on the point of asking her for another when a strange man approached his fair partner and said soulfully:

Man—I say, darling, when are we going to have another dance? It's almost an hour since I had one with you.

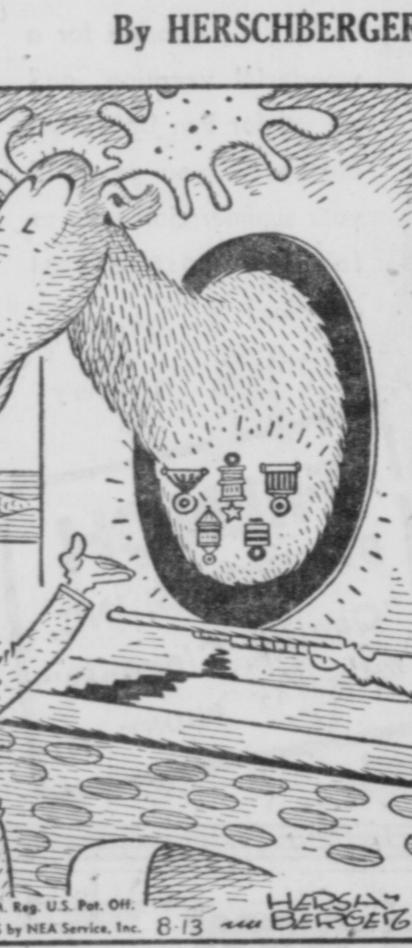

Girl (tenderly)—I know, dear, but I don't know how to get away from this deaf and dumb idiot.

HOW UGLY!

**HEALTH FOR ALL**

**A PLEA FOR FATHER**  
What kind of a vacation is dad having?

We're used to thinking of summer vacation in terms of the children. School's out and they're making the most of it. We Americans seem to concentrate on making sure that they have the right kind of summer. But what about father? Outside of chauffeuring the kids to the swimming hole and playing life guard, explaining historical monuments on the motor tour, and cutting wood for the picnic fire, is he having a vacation?

He's a pretty important guy. His summer vacation should be more than just two weeks away from the job. Industrial health experts tell us that his vacation can make or break the year ahead for him. That's why more and more business firms insist on taking at least two weeks off. And it is true that some men have to be almost pushed out of office. If he doesn't build up a reservoir of good health now, we may all be in trouble.

Father, the Forgotten Man in too many households, is one of the nation's biggest health problems. Statistics show that there is more serious illness among middle-aged men than among women. Men in their middle years have more tuberculosis than any other group in the population. Yet we know that a healthy, well nourished

person can usually fight TB germs to a standstill.

If father isn't building up his health this summer, isn't eating right, or getting enough sleep, rest, and recreation, the family can resolve to do something about it before the summer is over. One important step is to find out what the words "rest" and "recreation" mean to him. He may not enjoy doing some of the things he feels he "ought to do" for the children. A few adjustments can be made.

Dad may be surprised when his wishes and his health are taken into consideration in the family plans. But don't worry. He'll be able to stand the strain.

This column is sponsored in the interest of better health by The Ulster County TB & Health Association, 74 John street.

**Lost Horses**

Carterville, Ill. (AP) — Reports that every horse found on the loose hereabouts belongs to State Patrolman Floyd Myers are highly exaggerated. Myers, a horse fancier, appears in western riding events. A telephone report that a horse was wandering on a highway rolled him out of bed at 3 a. m. recently. It wasn't his. "Whenever a horse gets loose, everybody around here thinks it's mine. I only own six," he said.

When today's hand was played in a recent team match, the bidding was the same at both tables. At one table West opened the jack of diamonds. East unblocked with the queen of diamonds, holding the trick. East held the next trick with the king of diamonds, but drove out the ace on the third round of the suit.

South led the 10 of clubs and had a moment's hope when this finesse held the trick. He continued with another club but West discarded the jack of hearts to signal his ace. East had refused the first club trick in the hope that West would be able to signal which ace he held.

South could have saved one trick, but he could not make the contract. He gave East a club trick, and the heart return permitted the defenders to take the ace of hearts and the rest of the diamonds. The contract was thus set two tricks for a loss of 200 points.

At the other table of the team match, West opened the jack of hearts instead of the jack of diamonds. South allowed this lead to ride around to his king and promptly took the club finesse. East could win the king of clubs, but even a prompt shift of diamonds could not prevent declarer from winning 10 tricks for a score of 630 points.

The swing between plus 630 at one table and minus 200 at the other table all hinged upon the opening lead. The point is fairly close, but the player who led the jack of diamonds deserved his victory. He had the chance to set up the diamonds, using the ace of hearts as a side entry to the diamonds. The player who led hearts had to depend on the suit itself and might well be giving declarer the trick that he could not win for himself.

**Four Deny They Are Backing Javits**

Albany, N. Y., Aug. 13 (AP)—The State Agriculture Department reports that the mid-July index of prices received by New York state farmers was 254, an increase of 15 points over the previous months.

The figure was 25 points higher than at the same time last year, the department said yesterday. The years 1910-14 are used as a basis of 100 in computing the index.

The crop reporting service of the department said prices for milk, eggs and milk cows had advanced, while some grains and meat animals sold lower.

Utica, N. Y., Aug. 13 (AP)—The General Electric Co. has announced development of an electronic navigator for aircraft.

The company said yesterday that the 150-pound instrument would tell a pilot his position and the distance and the course to his destination.

The pilot would first register on the navigator the latitude and longitude of his point of departure and destination.

GE said the instrument was developed under air force contracts and would eliminate navigation problems for jet pilots.

Springfield, Mo., Aug. 13 (AP)—Chairman Francis Norman said they had heard no talk of backing Javits and they doubted he had made a commitment.

Chairman J. Robert Lynch of Lewis county and William J. Hill of Broome county both have endorsed Javits.

There was no immediate re-

action from other chairmen cited by the Javits' camp—those of Rockland and Jefferson counties and the party organizations in Brooklyn and Staten Island.

Albany, N. Y., Aug. 13 (AP)—Dr. I. Jay Brightman, 46, of Albany, has been appointed executive director of the state's new interdepartmental health resources board.

Health Commissioner Herman E. Hilleboe, acting board chairman, announced Saturday that Brightman, who has been an assistant health commissioner, had been named to the \$14,568-a-year job.

Auburn, N. Y., Aug. 13 (AP)—The Rev. Donald M. MacKenzie, 80, died of a heart attack Saturday, minutes after completing a wedding ceremony.

He came to Auburn in 1926 and retired 10 years ago as pastor of a Presbyterian Church. The Rev. Mr. MacKenzie had been pastor of churches in Shortsville and Midland, Pa., and at Swan River, Manitoba, Canada.

Schroon Lake, N. Y., Aug. 13 (AP)—A display of fireworks ended abruptly Saturday night when most of them went off at the same time.

Harold Regis, 31, (297 E. Main street) and David Armstrong, 22, (11 Jane street) both of Malone, were setting off the display on a barge anchored about 100 feet from the shore of Schroon Lake when a shower of sparks ignited their supply of fireworks.

**INITIATING A STOCKHOLDER**

Bill Tolles is a skilled mechanic getting big wages. He has always been thrifty. Until recently his savings were in banks and government bonds. He owns his own house; it is free and clear. It cost him \$12,000 twenty years ago and today he can sell it for \$30,000.

He has avoided common stock investment for a quarter of a century. His reasons for doing so are simple: (1) he knew nothing of their nature, and (2) he considered them too risky.

A year ago one rainy afternoon I took an hour to explain to him why he should take an interest in common stocks. And the burden of my argument follows.

"Look here," I said, "your house has appreciated in value 150% in twenty years. And even now you wouldn't sell it for \$35,000. Why has it increased in value? Well, a fine community has grown up around you. The three acres of land you own are worth more than the whole property cost. One of these days you will be selling a plot of ground to someone wanting to build a house. Then, too, the nation-wide inflation has seeped down into your property. In ten years I believe your home and land will be worth \$50,000."

He agreed. It was the kind of talk that gave him economic satisfaction.

THEN I CONTINUED: "It is well and good to have dollars in banks and government bonds and insurance policies. But to have all of your dollar savings there is not wise. Dollars in sound common stocks would have shown as good or better growth than that in your house and land."

"Now, you say you know nothing about common stocks. But they are not at all hard to understand. In reality, you are already a common stockholder.

You own, free and clear, a \$30,000 house. Let us suppose you were to sell shares in your house, how would that be done?

"You could incorporate your house under the laws of the state in which you reside and the size of the shares could be of infinite variety. Corporate finance is very flexible. One can authorize hundreds of different classifications of stocks. I shall mention a few of them.

"Assuming you were to incorporate your house and land for the \$30,000 you can sell it for, you could issue:

1. 300 shares of \$100 par stock or  
2. 600 shares of \$50 par stock or  
3. 1,200 shares of \$25 par stock or  
4. 3,000 shares of \$10 par stock or  
5. 6,000 shares of \$5 par stock or  
6. 30,000 shares of \$1 par stock."

Then I stopped so that he could digest these facts. After a few minutes I added: "In each of these capitalizations you will note that the number of shares to be issued multiplied by the par of the stock equals \$30,000."

I continued: "Shares can have any par. No par is very popular. No par is the most flexible of all. Any value — \$10,000 to one cent, for example — can be attached to no par. Thus, if you were to declare a one cent par value to your property, you could issue 3,000,000 shares against your \$30,000 house."

(Q)—"How could such classes be started and run?"

(A)—A young lawyer five or ten years out of college who took corporation law and who understands corporation finance might head up such a course.

**Former 'Y' Worker Dies in Explosion**

Sonington, Maine, Aug. 13 (AP)—Alfonzo D. Rockwell, 84, formerly prominent in YMCA activities at Greenwich, Conn., perished yesterday in an explosion

sion and fire at a summer cottage.

Police said the explosion rocked the 8-room cottage after Mrs. Mary Hawley, 85, of Nashua, N. H., tried to ignite a kerosene water heater.

Four persons in the cottage escaped unharmed. They are

Rockwell's wife, Carolina, 84; Mrs. Hawley; Arthur W. Hixson, of Leonia, N. J., and Gail Donovan, 20, of Deer Isle.

Hixson said the fire started about 3 a. m. when Mrs. Hawley apparently misread the clock and began to light the heater in

the belief it was time for the occupants to get up.

The fire destroyed the cottage.

Rockwell was active in YMCA work not only in Connecticut but also in an international basis before his retirement.

He leaves his widow and two

sons, Reynolds G. of New Canaan, Conn., and Dr. Landon G. of Hamilton College, Clinton, N. Y.

**Would Buy Power**

Boston, Aug. 13 (AP)—David M. Brackman, chairman of the state public utilities commission, says Massachusetts could buy St. Lawrence river power from New York state more cheaply than it could produce its own.

Brackman said Saturday that under a law that gave New York the right to develop river power, Massachusetts therefore would have a right to claim St. Lawrence power. The New York Power Authority has rejected a bid by Massachusetts for 250,000 kilowatts. An appeal to the Fed-

eral Power Commission has been scheduled for hearing Sept. 11.

## Senators Rough on Bosox

## Nats Prove Stumbling Block To Red Sox Pennant Chances

BY JOE REICHLER  
The Associated Press

If the Boston Red Sox fail in their drive to overtake the American League leading New York Yankees, as it now seems likely, they can blame it on the Washington Senators.

The lowly Nats, waging a season-long struggle to stay out of the cellar, have been plain poison to the Red Sox. On the other hand, the team from the Capital city has been little more than a doormat for the Yankees.

**WASHINGTON HAS** won nine games in 13 meetings with Boston, the best record of any team against the Red Sox. In sharp contrast, the Nats have won but two of 16 engagements with the Yankees. There is your reason why the Yankees today were in first place, 10 games in front of the third place Red Sox.

While New York was increasing its margin over runner-up Cleveland to 8½ games yesterday by sweeping a doubleheader from Baltimore, 6-2 and 4-2, Washington was whipping the Red Sox 8-2. The Indians widened their lead over Boston to a game and a half by defeating Kansas City 6-3. In the remaining American League game Detroit thrashed Chicago 5-2.

Milwaukee maintained its game and a half bulge on Brooklyn by overpowering Cincinnati 8-2 as the Dodgers were beating Robin Roberts and Philadelphia 3-2. The defeat dropped the third-place Redlegs three games behind the second game.

Pittsburgh whipped the Giants 3-2 and 11-3 while Chicago played a scoreless nine-inning tie with St. Louis defeating the Cardinals 6-2 in the first game of a doubleheader. Darkness halted the second game.

Carl Furillo slammed two of Brooklyn's four home runs as the Dodgers defeated Roberts' for the fourth time this year.

**OUTFIELDERS JIM LEMON** and Roy Sievers, who have been hitting practically everything Boston pitchers have thrown at them this year, were the offensive stars again as Washington knocked starter Willard Nixon out of the box in the first inning.

Lemon blasted his fourth home run in the three-game series with Boston and drove in two runs. His batting average against the Red Sox in the 14 games is .373 with four homers and 11 runs batted in. Sievers collected three singles and drove in a run. He has a whopping .489 mark in the 14 games with Boston, including five home runs and 17 RBIs.

The Yankees' one-two punch of Mickey Mantle and Yogi Berra did it again. Mantle smashed his, 41st home run and drove in three runs in the opener as Don Larsen went the route for his seventh victory. Berra's two-run triple proved the difference in the second game.

Mantle is now 13 games ahead of the 1927 pace of Babe Ruth when he set his record of 60 homers.

**HERB SCORE** struck out 14 batters and his Cleveland mates supported him with three home runs to enable him to post his 12th victory. Bobby Avila, Rocky Colavito and Al Smith homered as the Indians swept the three-game series from the Athletics.

Second baseman Frank Bolling cracked a three-run homer and a double that enabled the Tigers' Billy Hoeft to win a southpaw duel from Chicago's Billy Pierce. Hoeft won his 14th game while Pierce, seeking his 18th, was charged with his fifth loss.

Lev Burdette hurled a five-hitter for the Braves as they won the rubber of their three-game set from Cincinnati. Milwaukee chased 16-game winner Brooks Lawrence in the third and went on to collect eight hits, including two by Bobby Thomson who drove in two runs.

Carl Furillo slammed two of Brooklyn's four home runs as the Dodgers defeated Roberts' for the fourth time this year.

**School Blast**

Golden City, Mo., Aug. 13 (AP) — A dynamite blast wrecked a new high school building under construction here early Sunday. "I'm sure it was sabotage," City Marshal Craydon Lyons said. The marshal said he knew of no motive for the blasting. He estimated a case of dynamite was used by someone "who knew what he was doing." Lyons said that ruled out young vandals.

## Troy Haymakers Show Wednesday At Dietz Field

### Jones Dairy-Nadlers In Today's Contest

The City Baseball League starts its post-season playoffs today and plays a twi-night doubleheader with an all-star game against the powerful Troy Haymakers Wednesday night at Dietz Stadium.

Jones Dairy, regular season champions, meets Nadler Motors, the No. 3 squad, in the playoff opener this evening at 6:15 at the Athletic Field dust bowl.

Watzkas, who finished second play the Kingston Eagles Wednesday in the first set of the double elimination series.

An all-star squad featuring three players from each of the six twi teams takes on the Haymakers in Wednesday's night attraction at the stadium, following the second game between Jones Dairy and Nadlers.

# Colonials Trounce Jersey City, 16-5; Lose to Nyack Nine

Fred Jenny Wins;  
Welders Blast  
Locals, 12 to 2  
Schoonmaker Clubs 6  
Hits Over Weekend

Colonials split a New York-New Jersey doubleheader over the weekend, trouncing the Jersey City Colored Cardinals, 16-5, Saturday night at Dietz Stadium and dropping a 12-2 decision to the Nyack Welders Sunday.

Southpaw Fred Jenny handled the Cardinals with six hits Saturday, as Manager Fred Davi's tossers achieved two-year highs in runs and hits in the interstate circuit.

Sunday they outhit the Rockland county aggregation, 11-10, but left 15 runners stranded as Bruce Bechtold took the loss.

**LED BY JIM** Mackey, who stroked three singles and knocked in four runs, the Colonials raked three Jersey City flingers for 16 hits and broke the game open as early as the first inning with a six-run salvo.

Jenny, in his first Colonial start, was impressive all the way and with tighter support would have come close to a shutout.

Phil Gatti and Tom Carlin also had three hits and Pat Gatti, the pint-sized second sacker, knocked in two runs with a couple of singles in the late going.

Schoonmaker kept up his heavy bombardment with four singles in five trips at Nyack and Tom Carlin chipped in with a couple of singlets. Bob Shelighner hit a double.

# Saugerties Dutchmen Shade Walden Jewels Behind Mains, 2-1

Veteran Righty  
Gives Seven Hits,  
One Unearned Run  
Straub on Spree With  
Two Triples, Single

Clark Mains turned in his top pitching performance of the season to give the Saugerties Dutchmen a brilliant 2-1 victory over Walden Dodger Jewels, Sunday at Cantine Field.

The former New York Giant farmhand yielded only seven hits, didn't walk a batter and struck out 10. The lone Walden tally in the first inning was unearned. Bill Straub helped Mains' cause with a pair of triples and a single.

Held to five hits by the combined efforts of Joe Kujanic and Norman Glenn, who fashioned eight strikeouts between them, Manager Jack Rivenberg's Dutchmen had the good sense to accumulate three of them in the first inning.

The game winning blow was a resounding triple by catcher Bill Straub with one aboard.

**HUGH BARBER** launched Saugerties' firstinning rally with a one-out single. He advanced to second when first baseman Harry Cook fumbled the outfield relay. Joe Benjamin's single chased Barber home and Joe trotted across on Straub's first three batters.

Willie Wilkins singled to center in the Walden fifth, went to second when Iannone let the ball roll through his legs and scored on Cook's singleton.

Straub added a single to his two triples. Harry Brown rapped two singles for the Jewels.

Kujanic, who was charged with the loss, left the game in the seventh inning.

The Dutchmen are scheduled at the Brooklyn Windors next Sunday at 1:30 p. m.

## Fulton Qualifies For NBC Tourney

Johnstown, N. Y. Aug. 13 (AP)—The Fulton county Glovers will represent New York and New Jersey in a national semi-pro baseball tournament opening Aug. 17 in Wichita, Kan.

The Glovers yesterday earned the play-off berth by winning a game in which the opposition scored more runs.

The South Amboy, N. J. team was leading the Glovers 7-6 when chief umpire Fran Landauer of Schenectady ran the second game of a doubleheader because of darkness.

The score reverted to the last full inning—the eighth, in which the Glovers were ahead, 6-5.

New Jersey players and a contingent of fans put up a howl over the decision to call the game between the two state champion teams.

South Amboy had won the first game, 7-3, and the Glovers won the opener yesterday, 7-6.

## Bain Defeats Davis For California Title

Hollywood, Aug. 12 (AP)—Tommy Bain, 125 pounds, Los Angeles, won the California feather-weight championship last night when Ken Davis, 125½, Los Angeles, was forced to withdraw after six rounds because of an injured shoulder.

Referee Lee Grossman stopped the scheduled 12-round bout at Legion Stadium after Davis failed to use his right hand for two rounds. Davis told the official his right shoulder had been injured.

## Kids Dog Show Finals Scheduled For Wednesday

The Recreation Department's Kids Dog Show finals will be held at Forsyth Park Wednesday at 2 p. m. during the Ulster County Fair. The show will be held on the old clay tennis courts at the west end of the park.

The Wednesday show will climax a series of shows held in the various parks throughout the city by the department in cooperation with the Ken-L-Ration Company who sponsor such dog shows throughout the country.

The first four placers in the previously held park dog shows will compete against each other for the title of city champion in the following classifications:

Best Behaved Dog Biggest Dog, Smallest Dog, Most Handsome Dog, Best Costumed Dog, Best Trick Dog, Best Carded for Dog and Best of Show.

The Ken-L-Ration Company will give away a large trophy and a bicycle to the winner of the Best of Show at the final show Wednesday. Prizes will be offered to the winners of the other classifications.

## U. S. Trackmen Excel in Meet

Bergen, Norway, Aug. 12 (AP)—American track and field athletes won five of eight events in an international meet tonight.

Bernie Allard of Notre Dame won twice. He took the 110-meter hurdles in 14.3 seconds and the high jump with a leap of 6 feet 1 ½ inches. Allard also was fourth in the javelin.

Desmond Koch of the Air Force captured the discus with a throw of 161 feet and placed second to Allard in the hurdles with a clocking of 0:15.2.

Mike Larabee, Southern California, took the 400-meter run in 48.9 and was second to Bob Whilden of Texas in the 200-meter dash. Whilden was timed in 0:21.1.

## Major Meeting

## Westchester DA State Champ

Poughkeepsie, Aug. 13 (AP)—Joe Gagliardi, New York state's newest amateur golf champion, might be muttering things about mouths of babes and gems today.

Gagliardi, 44-year-old Westchester county district attorney, won the 1956 title yesterday by defeating John Ward of Syracuse, 2 and 1, after 35 holes. A baby's cry from the gallery may have been the tension-easer that turned the tide.

Father of five, the soft-spoken golfer went to the 33rd hole, one down to the Syracuse insurance man. Ready to putt from 18 feet, Gagliardi was momentarily distracted by a baby's whimper. He stepped back, grinned and said: "I'm used to that."

He holed out for a birdie two\* and won the next three holes to win the title he had tried twice before to win.

The clincher came on the 35th hole when Gagliardi dropped a 20-footer for a birdie three. Ward's shot, from 22-feet out, rimmed the cup and rolled inches away.

**GAGLIARDI** who makes his home in Larchmont, was runner-up in the National Amateur in 1951. Ward's best previous state amateur performance was a semi-finalist berth in the 1950 tournament.

In the morning round, Gagliardi shot to a 2-up lead after nine holes as Ward was in trouble with hooks. However, Ward put the pressure back by hitting things at the 19th hole.

The Westchester swinger moved to a 1-up advantage at the 27th hole when his opponent missed a three-foot putt. Ward evened things on the next hole when Gagliardi's trap shot was short and moved into an advantage when Gagliardi went up the green on the 32nd.

There was a 15-second pause on the 13th hole in the morning round as Ward waited for his putt to drop. The ball hung on the lip of the cup and finally dropped for a birdie two. It cut Gagliardi's control to 1-up.

**BOTH MEN** covered the Dutches Golf and Country Club's well-trapped 35-35-70 course in 72 in the morning round.

Gagliardi toured the outgoing nine in par in the afternoon match while Ward slipped to a 36. The new champ was one over for 17 holes of the final tour.

Ward defeated John Orcutt of Groversville, 7 and 5, in the evening round and turned back Bill Bogie of Poughkeepsie, 2 up in the second round. His third round victim was Willie Turnesa, Elmford's best-known golfer, 3 and 2, and advanced to the finals whipping Tommy Goodwin of Rye, 5 and 3.

Gagliardi's progress in the state title tourney included wins over Robert Shepherd of Binghamton (2 and 1), Maj. Alan Weston of West Point (3 and 2), Bob Stenzel of Rochester (4 and 3) and Henry Kowal of Poughkeepsie (1-up, 20 holes).

Defending champion Billy Shields of Albany and seventh-time winner Ray Billows of Poughkeepsie, both pre-tournament favorites, were eliminated in the third round.

The company announced Saturday it would submit an application to the State Public Service Commission this week.

The proposed step has stirred opposition from at least one member of the local government.

City Councilman Anthony C. Sabatino declared his objection on the ground that it would discourage expansion.

The company said no increase was being asked for domestic power rates.

Since the June 7 rockfall in the Niagara Gorge which destroyed the company's Schoellkopf power station, Niagara Mohawk has been buying 25-cycle power from the Ontario hydroelectric commission for resale to its customers.

The Ken-L-Ration Company will give away a large trophy and a bicycle to the winner of the Best of Show at the final show Wednesday. Prizes will be offered to the winners of the other classifications.

## The Weather

MONDAY AUGUST 13, 1956  
Sun rises at 5 a.m.; sun sets at 7:01 p.m., E.S.T.  
Weather: Cloudy.

### The Temperature

The lowest temperature recorded on The Freeman thermometer during the night was 63 degrees. The highest figure recorded up to noon today was 81 degrees.

### Weather Forecast

**NEW YORK** city and vicinity: Cloudiness increasing this afternoon with chance of showers tonight and early Tuesday, becoming fair again by Tuesday afternoon. Temperatures this afternoon and again Tuesday afternoon rising to the middle or upper 80's and lowest tonight 65 to 70 degrees. Gentle to moderate southerly winds this afternoon and tonight and moderate southwest to west on Tuesday.

**Outlook** — Wednesday, mostly fair and warm; Thursday, considerable cloudiness with chance of showers and seasonably warm.

INCREASING CLOUDINESS, RAIN

**EASTERN NEW YORK:** Increasing cloudiness with moderate temperatures today, the highest in the 80's. Scattered showers and thundershowers beginning in the west and north portions this afternoon and spreading over the eastern portions Monday night. Thunderstorms possibly moderate to heavy in the southwest counties. Lowest temperatures tonight in the 60's. Tuesday partly cloudy with showers ending and moderate temperatures, the highest 75 to 85. Gusty winds in thunderstorms today and tonight.

**INJURED IN ACCIDENT**—William Hosey, 43, of 37 Taylor street, was taken to Benedictine Hospital late Sunday afternoon with a dislocated left hip suffered in a one-car accident on Lucas avenue extension about a half-mile north of High Falls. Kingston State Police and

Ulster county sheriff's office reported that Mr. Hosey, driving a 1954 sedan, was proceeding south on a sharp left curve when he went off the west side of road, skidded back across the highway and turned over several times. (Annex photo).

## Midwest Is Hit By Tornadoes, Thunder Storms

**By The Associated Press**

Boiling thunder clouds spawned tornadoes and isolated cloudbursts over the midwest today.

Heavy thunderstorms lashed the Mississippi and Ohio river valleys with tornadoes reported in Indiana at Monticello and Logansport. An unconfirmed twister struck near Moline, Ill.

**NO INJURIES** were reported in the wake of the storms, but damage was widespread.

Windows were blown out throughout Logansport, a town of 21,000 in north central Indiana. The storm also knocked down trees and left the city without power.

Violent winds that hit during a thunderstorm in Mokena, Ill., blew down three tents last night at the community's three-day carnival. One man was injured when a tent pole pinned his legs to the ground as he hurried a small girl to safety.

**STRONG WINDS** and torrential rains caused extensive damage last night in the adjoining Minnesota mining communities of Crosby and Ironton. Trees, toppled by winds, crushed several rooftops.

A severe thunderstorm accompanied by high winds hit the northern suburbs of Chicago last night, flooding streets, felling trees and plunging several areas into darkness.

One of the heaviest falls was reported at South Bend, Ind., where more than two inches fell overnight.

**MEANWHILE**, it was hot and muggy from the southern and central plains eastward to the Atlantic coast. From the Rocky Mountains westward to the Pa-

cific coast, skies were clear and temperatures moderate.

### 650 Miles Away

Miami, Fla., Aug. 13 (AP)—Hurricane Betsy, with 125 miles an hour winds, whirled across Turks Island early today and continued on a northwest path that would send it rippling through the Bahamas.

Bowling along at 20 M.P.H., the second tropical storm of the season still was 650 miles from Florida and the weather bureau would make no predictions as to whether it would hit the mainland.

"The storm is still 36 hours away from Florida and is in a good position to change direction," a forecaster said.

### Pilot Killed in Plane Crash at Camp Drum

Camp Drum, N. Y., Aug. 13 (AP)—A small military plane crashed today on this northern New York army post and the pilot was killed, the camp public information officer said.

The pilot's identity was not immediately available.

The officer said the plane belonged to the 42nd Infantry Division of the New York National Guard, which is undergoing summer training here.

Walter Hibbert of Evans Mills, a farmer, said he saw the plane apparently diving over tree tops. He then spotted a cloud of smoke rising, he said.

**Hodge Pleads Guilty To Three Charges**

Springfield, Ill., Aug. 13 (AP)—Orville E. Hodge, ousted state auditor accused of taking about a million dollars of state funds, today pleaded guilty to charges of embezzlement, forgery and confidence game.

Hodge, 51-year-old former official in the Illinois Republican administration, entered the plea before Circuit Judge Clem Smith

## Forecast Is Given On Week's Weather

Albany, N. Y., Aug. 13 (AP)—The extended weather forecasts for New York state, prepared by the U.S. Weather Bureau, for the period from 7:30 p.m. today, to 7:30 p.m. Saturday:

Normal mid-August weather is expected the next 5 days, Monday night through Saturday. Temperatures will average near seasonal levels.

Moderately warm Tuesday and Wednesday, cooler by Friday, and warmer again at the weekend.

Precipitation will average around  $\frac{1}{2}$  inch or possibly more, occurring as light showers Monday night and early Tuesday, and possibly heavier rainfall Thursday or Friday, depending on the future course of Hurricane Betsy.

Western New York—Changeable weather is indicated with temperatures averaging a few degrees below normal. Partial clearing Tuesday, scattered showers likely Wednesday, a general rain and cooler about Thursday and Friday. Warmer over the weekend. One inch or more of rain is expected.

Temperature normals—Normal temperatures at this time of year in upstate New York show daily highest readings in the middle 70's to low 80's. Overnight lows range from the middle 50's to the low 60's.

at his arraignment on 46 state indictments resulting from the million dollar financial scandal.

Reportedly feeling ill and despondent, the dapper, free-spending political figure changed his plea from innocent — previously entered — to guilty as each of the indictments was read to the court.

## Ike Urges GOP To Work Hard At Convention

San Francisco, Aug. 13 (AP)—Republicans arriving early to prepare for their national convention were greeted by a call for "hard, devoted work" from President Eisenhower.

The President's message, contained in the 160-page convention program, declared the work was needed "to help make the bright promise of the party's future more than equal to the record of the past."

**HE ADDED**, "I know our united efforts will be rewarded with success."

The convention opens next Monday.

Addressed to "Republicans everywhere," the message said they were embarking "on a new century of political action" and called for "complete dedication to our country and a determination that the Republican party will constantly grow, in effectiveness as a political instrument to serve the country."

**REPUBLICANS** are celebrating the 100th anniversary of the party's formation.

Rep. Frances B. Bolton (R-Ohio) noted the 56 delegates from her state were pledged to Vice President Nixon as the President's running mate. She added the ticket would be "strong" should the convention nominate Gov. Christian Herter of Massachusetts instead. Harold E. Stassen has proposed Herter.

Howard Pyle, former gover-

nor of Arizona and a deputy assistant to the President, was the first prominent member of the White House staff to reach San Francisco. At the airport to meet him yesterday was Leonard W. Hall, GOP national committee chairman.

**REPUBLICANS** made it no secret of their happiness over the conflict between the two top candidates, Adlai Stevenson of Illinois and Gov. Averell Harriman of New York. Eisenhower has the Republican nomination clinched.

**Duke's Advisor Dies**

London, Aug. 13 (AP)—The death of Sir Albert George Allen, legal adviser to the Duke of Windsor at the time of his abdication as King Edward VIII, was announced today. Sir Albert, 68, died Friday in a London hospital.

**REPUBLICANS** made it no secret of their happiness over the conflict between the two top candidates, Adlai Stevenson of Illinois and Gov. Averell Harriman of New York. Eisenhower has the Republican nomination clinched.
